

Quick Guide to HWS Sustainability

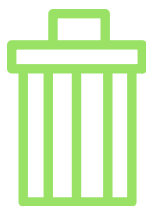

We are a Zero-Sort Campus. Everyday items can go in the same blue bins. **No liquids or plastic bags please!**

Take action and get involved! Student groups include Eco-Reps and Campus Greens.

All food waste is composted in the dining hall. Compost bucket for residence hall usage upon request!

Remember to turn off lights in empty rooms, and if you need better bulbs for your room, let us know!

Don't buy bottle water! Over 20 water bottle refilling stations across campus! If you need a reusable bottle, we've got you covered!

Our campus is pedestrian and bike-friendly, so bring your wheels from home, or rent one from us!
